re: Domestic Violence Offender Treatment and Intervention 2020 Application

Dear Ms. Gomolak,

Based on the information provided in your application, we have determined that your agency's Offender Treatment and Intervention program meets all requirements of the New Mexico Administrative Code 8.8.7. Therefore, we are placing your program on the 2020 Approved Provider List. Your program is eligible to receive referrals for court-ordered domestic violence offender treatment and intervention according to NMSA 1978 Sections 30-3A-3, 30-3-15, and 30-3-16 from January 1 to December 31, 2020.

To improve survivor safety and increase accountability structures in your community, we encourage you work to maintain or establish cooperative working relationships with local domestic violence victim services providers, the courts, supervising agents of the courts, and Protective Services. If you need support with these coordination activities, please contact us.

We also recommend that you to work with our training and technical assistance providers – the New Mexico Coalition Against Domestic Violence and the Coalition to Stop Violence Against Native Women – to access up-to-date training and peer support in the coming year.

Our partnership with the UNM Evaluation Lab will continue in 2020, as we work to craft meaningful program outcomes and measures. We invite you to participate in the evaluation activities throughout the year, including the submission of participant data.

If you have questions, need additional information, or support to build your program's effectiveness, please contact me at davidb.river@state.nm.us.

Sincerely
