INDEPENDENT AUDITOR'S REPORT

Board of Directors Center of Protective Environment, Inc. Alamogordo, New Mexico

Report on the Financial Statements

We have audited the accompanying financial statements of Center of Protective Environment, Inc (COPE, a nonprofit corporation), which comprise the statements of financial position as of June 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Center of Protective Environment, Inc. as of June 30, 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Center of Protective Environment, Inc.'s 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated July 19, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated August 1, 2020, on our consideration of Center of Protective Environment, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Center of Protective Environment, Inc.'s internal control over financial reporting and compliance.

Scott Northam, CPA, PC Ruidoso, New Mexico

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Nature of Activities</u> - The Center of Protective Environment, Inc. (Organization) operates as a not-for-profit organization incorporated under the laws in the State of New Mexico. The Organization is established to provide shelter, counseling and legal and advocacy services to individuals and families who have experienced domestic violence and other forms of abuse in the Otero and Lincoln County regions. The Organization is supported primarily through federal, state and local grants, local contributions, and volunteers.

The Organization is governed by a Board of Directors, which has the responsibility for determining policy and for the execution and evaluation of programs and activities conducted by the Organization. The Board is limited to a minimum of five members and a maximum of fifteen members. The term served by a Board member is two years.

<u>Basis of Accounting</u> - The financial statements of the Organization have been prepared on the accrual basis of accounting, in accordance with generally accepted accounting principles, and accordingly reflect all significant receivables, payables, and other liabilities.

<u>Income Tax Status</u> - The Organization qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, has no provision for federal income taxes.

The Organization annually evaluates all federal and state income tax positions. This process includes an analysis of whether these tax positions the Organization takes meet the definition of an uncertain tax position under the Income Taxes Topic of the Financial Accounting Standards Codification. As of June 30, 2020 there were no uncertain tax positions noted. The Organization's policy is to classify income tax penalties and interest, when applicable, according to their natural classification. Under the statute of limitations, the Organization's tax returns are no longer subject to examination by tax authorities for years prior to 2018.

<u>Net Asset Presentation</u> - The Organization reports information regarding its financial position and activities according to two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets without donor restrictions and net assets with donor restrictions. FASB ASC 958-210-45-1 requires the total amount for each of the two classes of net assets and the total of net assets to be presented in the statement of financial position.

Net assets with donor restrictions are resources that are subject to donor-imposed restrictions. Some restrictions are temporary in nature, such as those that are restricted by a donor for use for a particular purpose or in a particular future period. Other restrictions may be permanent in nature; such as those that are restricted by a donor that the resources be maintained in perpetuity. The Organization does not have any permanently restricted net assets restricted by the donor.

The Organization's unspent contributions are reported in net assets with donor contributions if the donor limited their use, as are promised contributions that are not yet due. Contributions of property and equipment or cash restricted to acquisition of property and equipment are reported as net assets with donor restrictions if the donor has restricted the use of the property or equipment to a particular program. These restrictions expire when the assets are placed in service.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

Net assets without donor restrictions are resources available to support operations and not subject to donor restrictions. The only limits on the use of net assets without donor restrictions are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in it corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

<u>Cash and Cash Equivalents</u> - For purposes of the statement of cash flows, the Organization considers all unrestricted highly liquid investments to be cash equivalents, including those deposits in interest-bearing and non-interest-bearing accounts..

<u>Use of Restricted Cash</u> - When the Organization incurs an expense for which it may use either restricted or unrestricted assets, it uses the restricted assets first whenever the assets have to be returned if not used.

<u>Investments</u> - In accordance with FASB ASC 958, the Organization's investments in marketable securities with readily determinable fair values and all investments in debt securities are stated at their fair value in the statement of financial position. Unrealized gains and losses are included in the changes in net assets. Gains and losses recognized upon the sale or redemption of securities are based upon the difference between the purchase price and sales proceeds.

Fair Value Measurements - The Organization applies the provisions of FASB ASC 820, Fair Value Measurements and Disclosures, for fair value measurements of financial assets and financial liabilities that are recognized at fair value in the financial statements on a recurring basis. ASC 820 defines fair value as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 established a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs, and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the pricing of the asset or liability developed based on the best information available.

The Organization has determined that there was no material difference between the carrying value and fair value of its financial assets and liabilities as of June 30, 2020, therefore no adjustment for the effect of FASB ASC 820 was made to the Organization's financial statements at June 30, 2020.

<u>Contributions and Unconditional Promises to Give</u> - Contributions are recognized when the donor makes a promise to give to the Organization, that is, in substance, unconditional. The Organization follows ASC 958-605-25, *Accounting for Contributions Received and Contributions Made*. In accordance with the codification standard, contributions received are recorded as unrestricted, temporarily restricted or permanently restricted, depending on the existence or nature of any donor restrictions.

<u>Grants Receivable</u> - The Organization receives grant funding from state and local government agencies. Grants receivable represent receivables from the funding entities that have been recorded when the expenses to be reimbursed were incurred or the units of service under contract have been provided. No allowance for bad debts is computed as the amounts represent valid receivables from the respective agencies.

<u>Allowance for Uncollectible Receivables</u> - The Organization uses the direct method to determine uncollectible unconditional promises to give or grants receivable, therefore no allowance account has been set up in the financial statements.

Restricted and Unrestricted Revenue - Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

<u>Accrued Vacation</u> - The Organization allows employees to earn annual leave based on stated policies. Annual leave is payable to the employee upon termination. These accrued amounts are shown as a liability on the statement of financial position and the related change in liability is reflected as an expense for the year in which the change occurs.

<u>Functional Allocation of Expenses</u> - The costs of providing the various programs and supporting services have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses are charged to program costs based on direct expenditures incurred. Any program expenditures not directly chargeable are allocated to program costs based on management estimates.

<u>Advertising</u> - The Organization uses advertising, promotion and community education to promote its programs. Advertising, promotion and community education expenses are expensed when incurred.

<u>Estimates</u> - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

<u>Risk Management</u> - The Organization is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Organization has obtained insurance through various underwriters to insure against these potential losses. The premiums are not directly related to claims filed.

<u>Subsequent Events</u> - FASB ASC 855-10-50-1 requires reporting entities to disclose the date through which subsequent events have been evaluated and whether that date is the date the financial statements were issued or available to be issued. Management has evaluated subsequent events though the date of the auditor's report, which is the date the financial statements were available to be issued.

NOTE B - CASH AND CASH EQUIVALENTS

<u>Custodial Credit Risk</u> - In accordance with FDIC, time deposits, savings deposits and interest bearing NOW deposits held at each financial institution will be insured up to \$250,000 in aggregate at each financial institution. The Organization uses a single local financial institution for its banking purposes.

Carrying value of the cash and cash equivalents of the Organization's deposits at the financial institution during the fiscal year and at June 30, 2020 was not above the \$250,000 maximum covered by the federal depository insurance, therefore the Organization was not subject to custodial credit risk at the end of fiscal year. However, management feels the risk is minimal as the financial institution is not at risk for collapsing.

<u>Temporarily Restricted Cash</u> - The Organization received a \$25,000 donation during the 2017 fiscal year from an anonymous donor to assist clients with personal expenses to aid in establishing independence. As of June 30, 2020, the Organization utilized \$22,362 of the donation funds for direct client services, leaving approximately \$2,638 remaining for use in the coming fiscal year.

NOTE C - INVESTMENTS

Substantially all of the Organization's investments were determined as Tier 1 inputs in accordance with the provisions of FASB ASC 820, *Fair Value Measurements and Disclosures*. The Organization reports the investments at market value for financial statement purposes, but records the investments at cost and adjusts for market with a valuation account. The schedule below illustrates the cost, market value and unrealized gains for each investment type as of June 30, 2019.

Investment	Cost	Market	Unrealized Gain/(Loss)
Corporate Equities	\$ 45,235	\$ 24,139	\$ (21,096)
Other Traded Equities	94,663	96,119	1,456
Money Market	31,135	31,135	-
Mutual Funds	352,921	370,062	17,141
Total Investments	\$ 523,954	\$ 521,455	\$ (2,499)

The Organization is reporting the following income and expenses related to the investments:

Interest and Dividents	\$ 21,938
Unrealized Loss on Investments	(8,676)
Brokerage and Investment Fees	 (7,219)
Total Grants	\$ 6,043

NOTE D - GRANT RECEIVABLES AND REVENUE

The Organization contracts with various federal, state and local authorities to provide domestic abuse counseling and support services to the area. These grants are reimbursement type grants, whereby the Organization must first spend the necessary funds and the required matching portion and then request reimbursement from the grantor.

Detailed below are the grantors and programs for which the funds are designated.

Grantor Agency	Rec	eivable
NM Children, Youth, & Family Department	\$	13,091
New Mexico Crime Victims Reparation Commission		
Victims of Crime Act (VOCA)		72,701
Violence Against Women Act (VAWA)	_	4,859
Total Grants	\$	90,651

The Organization receives multiple VOCA grants that have grant years which differ from the Organization's fiscal year end. Below is a detail of the VOCA grants and amounts received during the fiscal year:

VOCA Grant	Total	Receivable		
Grant 819	\$ 352,220	\$ 72,701		
Grant 711	154,549			
Total VOCA Grants	\$ 506,769	\$ 72,701		

NOTE D - GRANT RECEIVABLES AND REVENUE (Cont.)

<u>Contingency Risks</u> – When the Organization participates in federal and state assisted grant programs, it is subject to program compliance audits by the grantors and/or its representatives. Compliance audits of these programs are conducted at various times during the contract year. In the case of future compliance audits, the amount of expenditures which may be disallowed and grant funds recalled, if any, is expected to be immaterial.

<u>Concentration of Risk</u> – Funding from governmental agencies constitute approximately 72% of the Organization revenue and support. Although there is no assurance the grant contracts with the state and local governmental agencies will be renewed in the future, management is confident in the continued funding due to the long-term relationships with these agencies. However, should the contracts be rescinded or reduced due to budget issues by the government agencies, the reduction of income would have a severe impact on the operation of the Organization.

<u>Single Audit</u> - The Organization followed the Uniform Guidance circular for the fiscal year ended June 30, 2020. That circular established the threshold of federal award funds needed to be expended in the fiscal year in order to conduct a Single Audit at \$750,000. The Organization's federal expenditures for the fiscal year were under the amount stipulated by the Uniform Guidance guidelines, and as a result, the Organization is not required to conduct a Single Audit for the fiscal year. The audit was conducted under *Governmental Auditing Standards* as a requirement of the State of New Mexico grantor agencies.

NOTE E - CAPITAL ASSETS

Purchased property in excess of \$1,000 is recorded at acquisition cost, while donated property is recorded at estimated fair market value at the date of donation. Depreciation shown is calculated using the straight-line method. Under this method an equal amount is charged to depreciation each year over the estimated useful life of an asset. Most grants and contracts do not require an accounting for depreciation by the Organization, however, for financial statement purposes, depreciation is recorded as a separate line item under Management and General. Depreciation expense was \$50,941 for the 2020 fiscal year.

Capital assets balances as of June 30, 2020, consisted of the following:

Buildings and Improvments	\$ 1,010,853
Furniture and Equipment	167,778
Vehicles	62,900
	1,241,531
Less Accumulated Depreciation	(365,278)
Net Capital Assets	\$ 875,253

During the fiscal year, the Organization purchased office space in Ruidoso, NM to better facilitate services to the clients in the Lincoln County area. Although the office space was purchased during the fiscal year, the Organization has not occupied the facility as of year end. The Organization has scheduled approximately \$40,000 of renovations in the Fall of 2020 before the facility can be occupied. Until then, the Organization is continuing to rent out its current office space on a month-to-month basis.

NOTE F - CDBG GRANT PAYABLE

In May 2014, the Organization entered into a Memorandum of Understanding (MOU) with the City of Alamogordo (City) by which the City would apply for a Community Development Block Grant application to the State of New Mexico. The CDBG grant funds would be used for renovations and construction costs of the Organization's admistration office facilities. To apply for the grant, the Organization was required to fund a ten percent (10%) cash match of the grant amount, as well as convey the title of the building and property to the City. The City would then lease back the building and property to the Organization, and would inkind donate the lease value of the property in exchange for services rendered to victims of domestic violence in the community. The inkind value of the lease donation to the Organization was approximately \$211472 for the 2020 fiscal year.

The final cost of the renovations was approximately \$200,000 above the amount of the CDBG grant and related matching. The City paid the overage amount and is requesting reimbursement from the Organization. The Organization has approximately \$37,920 remaining on the CDBG obligation to the City as of June 30, 2020. The remaining balance is due before April, 2021.

NOTE G - RETIREMENT PLAN

The Organization participates in a defined contribution retirement plan administered by the Symetra Life Insurance Company. This plan is for the benefit of all eligible staff of the Organization who qualify under applicable participation requirements. Under the terms of the plan, contributions are made under Section 403(b) of the Code and are invested, at the discretion of the plan participant, in one or more of the investment vehicles available under the plan. The plan currently does not provide for the Organization to match participant contributions.

NOTE H - DONATED SERVICES

Donated services and other non-cash items are recorded as contributions at their estimated market value at the date of donation. Donated services are valued and amounts recorded in the financial statements for professional and skilled donated services if the ASC 958-605-25 recognition requirements are met. The Organization received \$211,472 of in-kind rental and radio and television public service announcement contributions that were recognized as income during the 2020 fiscal year. The Organization used \$192,573 of the donated media services for grant matching for shelter rental expense and the remaining \$18,899 for VOCA grant matching expenses.

No amounts have been reflected in the statements for other donated time and services if the ASC 958-605-25 recognition requirements were not met. However, a substantial number of other volunteers have donated significant amounts of their time to the Organization's program services.

<u>Concentration of Risk</u> - The Organization is heavily dependent on the in-kind donations for advertising and public exposure of its programs and related community education. The value of the in-kind advertising is also used as matching funds on state and local grants. Should the in-kind donations be reduced or discontinued, the Organization's operations could be materially impacted.

NOTE I - PAYROLL PROTECTION PROGRAM

During the 2020 fiscal year, the Small Business Administration of the Federal Governent initiated an emergency relief Payroll Protection Program (PPP) to assist organizations with employment costs during a government-mandated shutdown during the Spring of 2020. The Organization was awarded \$240,700 in emergency relief funds and an additional \$10,000 in advance payment funds. The \$10,000 advance payment does not have to be repaid.

NOTE I - PAYROLL PROTECTION PROGRAM (Cont.)

The PPP required the Organization to spend a majority of the emergency relief funds on personnel wages and benefits. The funds are initially categorized as a loan, with the loan being forgiven when the Organization submits documentation that the funds were properly expended according the PPP guidelines. As of June 30, 2020, the SBA had not begun accepting applications for forgiveness. The Organization is confident that the SBA will forgive the \$240,700 loan in the 2021 fiscal year and is reporting the amount as a source of income rather than as a liability on the balance sheet.

CENTER OF PROTECTIVE ENVIRONMENT, INC. SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2020

Notes To Schedule of Expenditures of Federal Awards:

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) is presented on the accrual basis of accounting, which is the same basis used to prepare the accompanying financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of State and Local Governments and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the accompanying financial statements.

2. Sub-recipients

Center of Protective Environment, Inc. did not provide any federal awards to sub-recipients during the year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Center of Protective Environment, Inc. Alamogordo, New Mexico

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Center of Protective Environment, Inc.. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 1, 2020.

Internal Control over Financial Reporting

In planning and performing our audits of the financial statements, we considered Center of Protective Environment, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Center of Protective Environment, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Center of Protective Environment, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Center of Protective Environment, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Scott Northam, CPA, PC Ruidoso, New Mexico
